

GLASS CONTAINERS AT THE SUPERMARKET

Most foods and all of our drinks have to be kept inside a package or container before we eat or drink them. So, they need to stay **FRESH!**

Here are some fresh items you'll find in a glass container:

- | | |

| DRESSING | PEANUT BUTTER |

| HONEY | PICKLES |
| JELLY | MAYONNAISE ✓ |
| JUICE | SAUCE |

CAN YOU FIND THESE WORDS IN THIS JAR?

**GLASS IS
"IMPERMEABLE"**

Here's how you say it:
IMM-PURR-MEE-UH-BULL

It means, not allowing fluid to pass through. Glass is like having a protective force-field around the food or drink inside!
