happyhooligans.ca

A smiley face drawn on the thumbnail of your child's "cutting hand" serves as a reminder to keep the thumb facing upwards while he or she is cutting.

How to Hold a Pair of Scissors

1. Put your thumb through the small scissor handle.
2. Put your last three fingers through the larger handle.
3. Hold the paper you are cutting in your other hand.

Please remember!

- To submit the work every day! Or every Friday!
- If your child is not working, he or she is not going to learn!
- Thank you for everyone's hard work!

I am asking you from a kind heart: Please work with your child! It is imperative for your child to work and learn! If he or she is not working they are never going to learn! And they will struggle next year in Gr R!
